

FREE ALL STYLE BATTLE RULES

FreeAllstyle Battle is a great platform for DanceStar dancers who love to freestyle and who love to express themselves with improvisational dance. Battle will be open to all Senior dancers regardless of style. So whether you usually compete in DanceStar Classical, Open or Urban Chapter, you are all very welcome.

Judges from different dancing backgrounds will look for the dancers, who can best adapt their skills and freestyles to any style of music.

PRESELECTION

From the time registration will be available, we'll take the first 20 dancers from Classical, 20 from Open and 20 from Urban Chapter who will sign in – so all together 60 dancers who will not represent just their self but also their country (A league dancers will have the priority). If there will be more than 20 dancers in some chapters, will make a waiting list. If for some reason any of the Chapters will not provide us with 20 dancers, we'll sign in the dancers from the waiting lists. When signing in, dancers will have a chance to select the style of music for their freestyles so they can present themselves in the best way possible.

All 60 dancers will have the chance to make their improvisations on stage – 45 seconds for each freestyler.

Judges will then choose 8 dancers for the final challenge.

FINAL CHALLENGE

*Dancers should be aware, that the music played in finals will be different in style so they should be able to adapt your skills to it.
